Material

The umbrella stand is made of chromium-plated wire and foot of coated concrete.

Maintenance

Chromium-plated steel wires: should be cleaned with a cloth, moistened with water or mild detergent. Corrosive detergents may not be used.

Concrete: should be cleaned with a cloth, moistened with water or mild detergent. Corrosive detergents may not be used. N.B.: Acids should NOT be used on concrete, it is naturally sensitive to acids (example: found in wine and coffee) and should not be exposed to heat that exceeds 80°C.

Responsibility

Svedholm Design AB is not responsible for damage caused by improper assembly or installation, lack of maintenance, malfunction, neglect/abnormal use or anything else that may be attributed to the user.

Svedholm Design AB, Uppsala
